By Abraham Wald

Dover Publications Inc., United States, 2013. Paperback. Book Condition: New. New impression. 213 x 135 mm. Language: English . Brand New Book. Part II discusses applications that illustrate the general theory and raise points of theoretical interest specific to these applications. Part III outlines a possible approach to the problem of sequential multi-valued decisions and estimation. All three sections can be understood by readers with only a background in college algebra and a first...
