Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Practical Exercises in Physical Geography The object of this Text and the accompanying Atlas is to provide in as compact a form as possible a series of disciplinary exercises which may be assigned as laboratory work in connection with any of the modern text-books on Physical Geography. The need of such exercises is generally recognized. Experience has shown that a student may fail to acquire a clear understanding of the facts and problems of Physical Geography if they are presented only through the text of a printed page; and that even the ornamentation of the page by pertinent illustrations does not always suffice to ensure a full comprehension of essential points. The student's attention must be directed to and detained upon each feature of a complicated fact, each step of a large problem, in order that the facts and problems may reach his understanding and remain in his memory; hence the desirability of combining the performance of a series of systematic exercises with the study of a text. The topics selected for the Exercises here presented are such as are treated in greater or less fullness in all modern text-books. The Exercises may lie taken up in such order as the teacher shall determine: those on the atmosphere and the ocean may follow or precede those on the Lands; those on the lands may be rearranged if desired, except that it is well to place Exercise I early in the series because of its many applications, and to place Exercises VII and VIII late in the series because of the greater detail of their problems. The method recommended for performing the Exercises is stated...
