

Brian Boru: King of Ireland

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

The Mercier Press Ltd, Ireland, 2011. Paperback. Book Condition: New. 212 x 134 mm. Language: English . Brand New Book. Brian Boru is chiefly remembered as the man who drove the Danes from Ireland , and who died at the Battle of Clontarf on Good Friday 1014. But there was far more to his life than that. The youngest son of an obscure king from Thomond, he came closer than any other Irishman before him or after him to uniting Ireland. He tamed the Danes of Limerick and the Norsemen of Dublin, overthrew the monopoly of the Ui Neill s on the high throne of Ireland and became one of the few high kings to invest that throne with any real authority. An able administrator, a patron of the church and of learning, he fully deserved the eulogistic title BRIAIN IMPERATORIS SCOTORUM, Brian Emperor of the Irish, accorded to him by an admirer. Ireland gave him a funeral of unprecedented ceremony - and then promptly forgot him. His heirs were unable to maintain his authority or consolidate his achievements and all too quickly the old days of internecine strife and petty fueding between the various rival Irish kingdoms were revived. In Brian Boru, King of Ireland, Roger Chatterton Newman explores the life and times of this remarkable man and attmepts to distil reality from myth. Not least, it offers a new theory on Brian s relationship with Gormfhlaith, queen mother of Dublin. And it shows what might have happenned to Irish histoy had the events of Easter 1014 not taken place. With 78 illustations.
