

## Pragmatism and Reference (Hardback)

Filesize: 1.04 MB

### ***Reviews***

*Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## PRAGMATISM AND REFERENCE (HARDBACK)

DOWNLOAD

MIT Press Ltd, United States, 2008. Hardback. Book Condition: New. 228 x 154 mm. Language: English . Brand New Book. Despite a recent revival of interest in pragmatist philosophy, most work in the analytic philosophy of language ignores insights offered by classical pragmatists and contemporary neopragmatists. In *Pragmatism and Reference*, David Boersema argues that a pragmatist perspective on reference presents a distinct alternative--and corrective--to the prevailing analytic views on the topic. Boersema finds that the pragmatist approach to reference, with alternative understandings of the nature of language, the nature of conceptualization and categorization, and the nature of inquiry, is suggested in the work of Wittgenstein and more thoroughly developed in the works of such classical and contemporary pragmatists as Charles Peirce and Hilary Putnam. Boersema first discusses the descriptivist and causal theories of reference--the received views on the topic in analytic philosophy. Then, after considering Wittgenstein's approach to reference, Boersema details the pragmatist approach to reference by nine philosophers: the Big Three, of classical pragmatism, Peirce, William James, and John Dewey; three contemporary American philosophers, Putnam, Catherine Elgin, and Richard Rorty; and three important continental philosophers, Umberto Eco, Karl-Otto Apel, and Jurgen Habermas. Finally, Boersema shows explicitly how pragmatism offers a genuinely alternative account of reference, presenting several case studies on the nature and function of names. Here, he focuses on conceptions of individuation, similarity, essences, and sociality of language. *Pragmatism and Reference* will serve as a bridge between analytic and pragmatist approaches to such topics of shared concern as the nature and function of language.
